ORGANIZERS ONLY

Track Session Minder: Admin

Run the live schedule from your phone. Every change reaches drivers' phones within seconds.

Scan to open admin sign-in

1. Sign in (once per phone)

1. Scan the code, or open **kpctoy-png.github.io/Track-Session-Minder-App/admin**. Bookmark it or add it to your home screen.
2. Enter your email, tap **Email me a code**, and type the code from the email. No password.
3. A green bar saying **"Changes go live to every driver"** means you're in. The **Admin** tab now shows on this phone.
4. Pick your event with **Change**, then tap the day at the top (for example *Saturday*). Tap a section title to open it.

⏱ Running late

- Tap **+5** **+10** **+15** **+30** **+45** **+60** min, then **Send to drivers**.
- Everything after now moves later. The session on track just ends later.
- Too much? **−5** pulls it back.

🚩 Catch up after an incident

- Tap **Catch up 5 / 10 / 15 / 20 / 30**, then **Send to drivers**.
- Remaining track sessions get shorter, split evenly. Lunch and classroom stay the same; no session drops below 10 min.
- **Undo** if it's not right.

Every change asks before it's sent; a green ✓ **… sent to drivers** note confirms it, and drivers with alerts on get a phone notification.

📢 Lightning, red flag or emergency

- Open **Announcement to drivers**, tap an icon (⚡ Lightning, 🚑 Medical, 🛢 Speedy Dry, more) and finish the message, pick how long, tap **Send announcement** → **Send to drivers**. It shows in red on every driver's screen and alerts their phones. Under **Registered drivers**, link the ClubReg event (it updates itself at 5:30 AM) to email everyone too, or just some run groups.
- When it's over, tap **Clear announcement**. The app works out how long the track was held and shows the new times (push later or shorten sessions, ±5 min). Nothing changes until you tap **Send to drivers**.

✏️ Change one session

- Open **Sessions** and tap it.
- **Start ±5** **End ±5**, then **Send to drivers**.
- **Remove session** asks first.

🎓 Coaching and check rides

- Tap **+ Book coaching or check ride**.
- Student's email, instructor, session, then **Book**. **Requests** (from drivers) and **Needs a coach** (paid in ClubReg) show on top.
- Both get an email and alerts. **Remove** asks first.

⭐ Feedback and 📬 driver list

Open **Feedback** for ratings, and **Driver list** for drivers who joined. **Download spreadsheet** gets their emails.

🆘 If something's off

- **"Not saved, try signing in again"**: tap Sign out, sign back in, redo it.
- **"Not an organizer account"**: ask Redline to add your email.
- Looks out of date: refresh the page.

Sign out on a shared phone when you're done.
